

## A SIMPLE STEP TO MAKE YOUR PRESENTATIONS MEMORABLE...

### SELECTIVE INTERACTIVE VIDEO (SIV) CUSTOM SIV

**If it's about being remembered there is no better way.**

With our Custom SIV Presentation service we convert presentation material to an engaging interactive video that viewers can interact with using their mobile devices.

Your presentation will look amazing to better capture audience attention. Plus, at the right time in the presentation the video can send via WIFI tailored images, text, sound and video to connected mobile devices and allow viewers to instantly feedback or alter what they see in your presentation.

According to the 2013/14 Annual Population Survey, 18%, that's almost 1 out of 5 people, at presentations that utilise standard slides/projector techniques, may have difficulty hearing, seeing or understanding your material.

Video linked to mobiles can greatly improve access in addition to offering your audience an unforgettable experience... Be unique. Try this custom SIV today.

**Improve access to your presentations**

**SIV can make your presentations look amazing to better capture audience attention**

**Link your presentation video to mobile devices**

**Plus SIV offers improvements in using videos for training, reporting, promoting and so much more...**
