

# **TAILOR YOUR VIDEO MESSAGE FOR DIFFERENT AUDIENCES**

## **SELECTIVE INTERACTIVE VIDEO (SIV) CUSTOM SIV**

### **Where and when you watch a video can be important.**

You can now easily tailor your video messages for different audiences. With our Custom SIV Changer service, some or all of the content of your video can change depending on where in the world it is being watched or changed depending on the time.

How it works is - you send a link to play your video to someone anywhere in the world. When that person clicks your link the content for that country is automatically selected and played. This is great to overcome governing restrictions or to make your content more acceptable to specific audiences. Ideal for video that serves international markets or for businesses with a global reach. Your video can be tailored to specific cultural needs or cater for when your target market is most likely to view your content. The SIV Changer can be configured to make your video look and feel fresh... Be bold. Try this custom SIV today.

**Make your video  
look and feel fresh**

---

**SIV can make your  
video cater for  
specific cultural  
needs or target  
when your market  
is most likely to  
view your content**

---

**Some or all of the  
content of your  
video can change**

---

**Plus SIV offers  
improvements in  
using videos for  
training, reporting,  
promoting and so  
much more...**
